Chris/Jess,

Please find the attached work plan and RPP for the radiological portion. Tried to keep stuff short and sweet. Once we get the updated TDD and get any comments from you guys, I'll update that number and send a pdf version.

Please let me know if you have any questions.

Thanks!

Chris,

The Radiological Work Plan and Radiation Protection Plan are with our corporate rad folks [Nonresponsive based on revised scope] for review right now. Hoping to get those back tomorrow and then we can pass them along to you. Does that work? If you want to see draft stuff before then let me know, but [Nonresponsive based on revised scope] may request something more than cosmetic changes, so wanted to hold off for his review before we provided to you guys.

Thanks.
